### ABOUT US:

Diversity and Disability Alliance is a user led disability support organisation, run by and for people with disability from diverse backgrounds with the support of families and allies. We assist people to live the lives they choose. We are an independent, collective voice committed to diversity and full inclusion.

DDAlliance is seeking to build a culture where peer support is an acceptable and available form of support for people with disability and their families in addition to, or instead of, more formal, traditional (paid) disability supports.
