

Kay

Hi, my name is Kay and I come from a Lebanese background. I have a physical disability and have been on a wheelchair for most of my life. Most important thing to me is family. I enjoy shopping, trying out new restaurants, and hanging out with friends. I am humble, kind, friendly and outgoing.

As a mentor, I believe I am a good listener. I can offer my help and support and let them know that they are not alone in this. I want to guide them in the right direction. I want to be the rainbow in someone else's cloud. Be a blessing to someone when they have no belief in themselves. I want to be the person to provide belief and to help them rise.

I want to offer my mentoring to people with physical disabilities, as I can relate to them, being in a wheelchair myself and having experiences of up and down

moments my whole life. I want people to stand up for themselves because we all have rights and we should not let anything or anyone get in the way of their goals and dreams. I am looking to mentor people within my local community around the Bankstown area.

I am looking forward to mentoring you.
